36. TERRANCE B. LETTSOME INTERNATIONAL AIRPORT (TUPJ)

Helipad Restrictions

Effective: 260901 to 270831

The helipad at the Terrance B. Lettsome International Airport (TUPJ) is restricted to touchdown and lift-off area (TLOF) operations only. The final approach and take-off area (FATO) is withdrawn. Helicopters are required to land on the runway, followed by controlled ground movement and a short hover reposition to a designated TLOF. Operations at the helipad are limited to daylight hours only and simultaneous helicopter operations are prohibited. The maximum permissible helicopter D-value is 12m. All helicopter ground movements require compulsory marshalling services. All aircraft shall exercise caution due to an uneven surface at the helipad.
