PUBLIC ADVISORY

The Trinidad and Tobago Civil Aviation Authority (TTCAA), as the authority responsible for the Piarco Flight Information Region (FIR), wishes to advise the travelling public and the wider aviation community that a ground stop is currently in effect for air traffic to and from North America.

The TTCAA acknowledges the inconvenience and disruption this situation may cause to passengers and airlines. However, the Authority wishes to reassure the public that the safety and security of all flights operating within the Piarco Flight Information Region remain its highest priorities and have not been compromised.

Once the situation is resolved and normal operations resume, the TTCAA will work closely with the relevant aviation stakeholders to facilitate the safe and efficient movement of affected flights and passengers to their intended destinations.

The TTCAA continues to monitor the situation closely and will provide further updates as additional information becomes available.
